INTERNAL QUALITY ASSURANCE CELL REPORT

Name of the Institution : *A.D.M. College for Women*
Year of Report : *2008-09*

1. Activities reflecting the goals and objectives of the institution:

A. Doraisamy Nadar Maragatha Valliammal College for Women is an affiliated College of Bharathidasan University founded by Thiru.A.D.Jeyaveera Pandian and his brothers-Thiru.A.D.Jawahar Pandian, Thiru.A.D.Jeyem Pandian and Dr.A.D.Jegadheeswar. It is run by Natarajan Dhamayanthi Educational Trust.

This institution was established in 1975 in the International Women's year for the benefit of the young girls of rural areas of Nagapattinam. The College was accredited by NAAC and was awarded with "A" Grade on 16.09.2004 and was elevated to the status of autonomous institution since 09.11.2004.

Education is the only enduring means of instilling self-confidence and self esteem in the women folk of India. Incidentally poor fisherman and farmers formed the majority of the local population of Nagapattinam and they welcomed the founding of this institution as that of the "scorched earth" welcomes the early showers of rain.

The role of higher education in the development of women is of paramount importance. It is the live wire behind the economic and social development of women.

The academic achievement of the institution has been commended by the Government of Tamilnadu. The college has secured 6th rank out of 117 Aided Colleges at PG level and 36th rank out of 142 Aided College at the UG level all over the state as per the evaluation of academic performance of all the Government aided colleges in Tamilnadu for the year 1998-1999 (proceedings of the Commissioner of Collegiate Education, Chennai RC.No.35205 34/99, dt 28.10.1999).

Vision and Mission of the college:

The college has the following vision and mission:

1. To provide quality collegiate education from undergraduate to post graduate and research programmes.
2. To ensure high standard of behaviours and discipline amongst the students community.
3. To set a high standard of professional conduct and ethics for staff and students alike.
4. To extend the benefits of higher education to women folk of this area, the socially and economically disadvantaged.
5. To empower women through education.
6. To be in the fore front of higher education in order to provide the nation the high caliber manpower she needs.

The college has introduced new courses, certificate courses and short term courses to develop the competence the students and to enhance their potentiality.

Also programmes of academic and non academic nature are planned for an over all growth.

This institution with an experienced team of highly qualified, motivated and dedicated staff supported by infrastructural facilities is imparting meaningful and disciplined education to students. Apart from this, the institution gives moral boost to the students morale by emphasizing on the aspect of discipline, duty, devotion, dignity and decorum.

5. Examination reforms implemented:

- ❖ Conferment of autonomy helped to appoint our own Board of Examiners who are seniors, committed, knowledge in the respective areas to value the papers.
- ❖ Semester pattern of Examination is introduced. There shall be examination at the end of each semester, for odd semester during October/November and for even semester during April/May.
- ❖ Continuous Internal Assessment, conduct of period tests, Mid Term and Model Examination, Quiz, submission of assignments, conduct of seminars and project work by the students are at regular pace. Institution followed strictly the academic calendar not only with regard to the reopening of the college but also the conduct of various programmes like, tests, semester examinations etc. Valuation of papers and publication of results are quickened and the unnecessary delay caused in the affiliation system can be avoided. Reexamination is conducted for the unsuccessful candidates within 15 days of publishing the results of the semester examinations and thereby the candidates have the advantage of going with the regular stream without losing a semester.

- ❖ Comprehensive question bank is prepared by the experts. This system eliminates the problems associated with setting vogue, wrong question and out of syllabus questions.
- ❖ A Committee is formed by drawing two experts on each subject to scrutinize the question papers before the examinations to avoid (a) out of syllabi questions (b) repetitions of questions, (c) typographical errors and to assess the merit and standard of the questions asked in the question papers.

The Committee will go through the question paper on each major and to propose correction if necessary and to delete or modify the question to bring the question to a quality standard.

11. New collaborative research programmes:

The various disciplines in the institution collaborate with external agencies to avail expertise. The following tabular column provides the details of collaboration:-

Collaboration activities:

The department of chemistry collaborates with the local industries like CPCL, Henkal Spic India Ltd situated in Nagapattinam for carrying out M.Sc project and for practical on the job training.

Dr.(Mrs)G.Madhuruambal, Head of the department of chemistry has linkage with national chemical laboratory Pune, CAT, Canada, Punjab University, NIIT at Thiruvananthapuram, Indian Institute of Science, Bangalore, for availing instrumentation facilities.

Dr. (Mrs.) G. Madhurambal has collaboration with memorial University New found land, Canada as a visiting scholar with Dr. Frankerton. Green chemistry group from May 2009 to September 2009 and with Dr. Mangal Sundar Kirishan of IIT, Chennai for 10 days from 10.12.2009 to 29.12.2009.

Dr. (Mrs) G. Madhurambal is a reviewer for the journal 'Chemistry of Biomolecules' published by American chemical society.

For updating the career oriented programme curriculum the industrial nominee was invited from Bharth Heavy Electricals Ltd, Tiruchrappalli.

The institution offers ten career oriented programmes. The collaborative agencies aid in curriculum design, teaching and training. These Career Oriented

Programmes make the students employable and many students have secured jobs because of the training given in these programmes.

12. Research grants received from various agencies:

The institution has a Research Committee to promote research activities. The Dean of Research is the head of the committee. The committee meets the faculty twice per semester and encourages the staff members to present papers, attend seminars, conferences and involve themselves in minor and major research projects. The following is the detail of minor research projects undertaken by the faculty members.

Grant received for Seminar/Conference

14. Citation index of faculty members and impact factor:

Dr.G.Madhurambal HOD of Chemistry has got the following citation.

- 1) Her Bio data is published in Who's Who of America 2004, Who's Who of Asia 2005.
- 2) She is a Reviewer for the following journals:
 - i) Journal of "Chemistry of Biomolecule" published by American Chemical society.
 - ii) Journal of Canadian Thermal Analysis and calorimetry for several papers.
 - iii) Reviewer for the "Journal of Crystal Growth" published by Elsevier publications.

- 3) She was a visiting scholar in Memorial University Newfoundland Canada from May to September 2007.
- 4) She was a collaborative Scientist with Bangladesh & Canadian Scientists and received research support for instrumentation facility from National reputed laboratories.

18. Community services:

Many extension activities are carried out by the various disciplines of the college. They are N.S.S, Blood Donation Club, Red Ribbon Club, Gender Club, Health Club, USSC, Human Rights Club, Consumer Protection Club, Rotaract Club, Leo Club, Environmental Education Club, Youth Red Cross and Village adoption. All the year round these units engage in various activities. The Rotaract club of the institution was adjudged the best Rotaract club in the year 2007 -2008 by 2980 by District Rotaract club. The college has received Best College Award by the Red Cross society in appreciation of the donation of blood by the volunteers every year.

The institution benefits the society through its extension activities. The department of computer science has conducted computer training programmes to the women police personnel and personnel of the district court. A basic computer training programme was conducted to the police trainee of Nagapattinam. Training on Micro soft office package was offered to the top rank school students of Nagapattinam District. A Certificate course on Internet and Web Designing was conducted to the diploma holders of St.Joseph's Community College, Nagapattinam.

The institution has initiated partnership with non governmental organization to benefit the marginalized people of the society. The department of Economics has involved the women members of the Ambedkar non governmental organization, Nagapattinam in the training of Arts and Crafts. The institution has adopted Nambiyar Nagar, a fisher folk quarters. Besides this a few institutions in the locality have been selected for outreach programmes. Various awareness and

health care programmes were organized during 2007 – 2009. The institutions though in a small measure has significantly educated and benefited the local community.

The following activities/ programme were carried out to benefit the local population.

Sl.No	Name of the Activity/Programme	Department	Beneficiary
1.	Education on edible mushroom cultivation technology	Botany	Members of the Self-Help Group and Students of the Botany club
2.	Accounting procedures for women self-help group	Commerce	Nambiyar Nagar

There is a cordial relationship between the institution and local community ensuring a fruitful harmony. The public encourages, appreciates and enlist the services and activities of the outreach programmes of the college.

Consultancy Services:

The College is providing consultancy services to the public by way of testing soil as well as water and providing recommendations and suggestions based on the analyses done. For the needy public Blood testing is also carried out. The institution has adopted Nambiyar Nagar the near by fisher folk locality to provide awareness on environment, health and hygiene.

The Chemistry Department collected water samples from 21 places in different districts and sent the samples for analysis on 07.01.09. The water samples were collected from the following places.

21. Improvements in the library services:

- ❖ To devote special care a Library Advisory committee was organized with Principal as chairman. The committee helps in the proper functioning and development of the library with valuable suggestions.
- ❖ The college has a spacious library of dimensions 6167.61 m^2 and 25.66 m^2 . It is well-stacked with a collection of 29,849 books including the books of the Book Bank Scheme. In addition 69 journals and magazines, four Tamil dailies, three English dailies, five Tamil and English fortnightlies are being subscribed by the institution.

Functioning pattern of the library:

- The library functions on all working days from 9.00 AM to 5.00 PM. from Monday to Saturday.
 - Gate-Register is maintained to record the entry and exit time of readers.
 - Open Access system is followed in the library.
 - Bar coding system is implemented and books are issued using this system.
 - Students can borrow two books and staff can borrow 10 books.
- ❖ The Digital library has all the high-tech facilities needed for encouraging and supporting the research activities of studious scholars.
- The entire library services namely the issue of books, renewal, returning of books, reservation and reminders are automated.

Support facilities available in the library:

- ❖ *On – line access and internet facilities* are available in the library. As browsing is free of cost it is thronged by both research scholars and staff. The staff members are free to use these facilities any time. An hour per week is allotted for library in the time-table of the students to facilitate frequent use of library by the students. Also they can go for browsing whenever they are free and can use the Auto-lib facility installed in the library.
- ❖ *DELNET* Facility is also available in the Library. The staff and other research scholars can make use of the inter-library borrowing facilities arranged through DELNET.
- ❖ *Info net:* The institution has UGC sponsored *info net* programme. Under this programme the e-journals from the following publishers are made available.
- Springer – Veriag & Kluwer Publishers (www.springerlink.com)

Taylor and Francis (<http://journalalsonline.tandf.co.uk>)

- ❖ Existing new arrivals are displayed in open racks for easy access and ready reference by students and staff. So, also all the journals subscribed are displayed in the reading room in such a way to kindle the interest of the readers.
- ❖ To motivate and encourage the maximum use of the library the librarian has sponsored an award for the best News reader.
- ❖ Three prizes are offered by the college to the maximum utilizers of the library.

After noon Dr.Irfana Begam delivered a Lecture on Edusat 2007 and collected one year feed back report from all the SITs. The participants were taken to Indian Space Research Organisation in Thumba.

EDUSAT is the first Indian satellite built exclusively for serving the educational sector and was launched successfully by GSLV-F01 on 20.9.2009. It is mainly intended to meet the demand for an interactive satellite based distance education system. India's commitment in use space technology for national development, especially for the development of the population in remote and rural areas.

The EDUSAT based training provides direct interaction with the teacher/expert when the lecture is being delivered using EDUSAT satellite communication. It is advantageous since it provides good quality interactions.

Keeping in trend of the day, we are fully alive to the miracles of information communication technology. The Satellite Interactive Terminal (SIT) is established in our institution for the benefit of our student.
